To all, Congratulations for making finals! The higher scored debaters were those that were 1. organized and clear & consistent 2. polite

It is not a win if great arguments are made rudely. Also, the entire round is a performance talented competitors were given lowered points for being distracting during other speaker's turns. Consistent arguments made in the 1st CX & Final speeches helps solidify them as solid points. Alex and Giuseppe did this best while still being polite. Sasha and Richard also did this well. Remember to directly compare Aff vs Neg arguments, not just restate them. Well-weighted arguments won this round.
