Juri Almási AT-115: I like your energy and your hand gestures. I really enjoyed your portrayal! I think you should have more emotion on your face, but besides that, it was a lovely performance. 😊

Elizabeth BC-106: your performance was so cute! you ~~had~~ ~~Vassantochart~~ had lots of energy and gave personality to your characters. It also has a great message. lovely job! 😊

AU-106 Ella Blanco: projecting and being more articulate would enhance your performance and make it easier to follow. it was a fun performance to watch 😊

AT-109 Liam Kyle - emoting would help your performance, and so would being more articulate. having more choreography and movement would also help. 😊

AE-101 Carol Han - great energy! your dancing was cute and nice narration. make sure not to look your hands all the time. all in all, a good performance. 😊

AB-101 Amanda Liu - Your energy was so fun and adorable! I loved watching your performance and I can tell you had lots of fun with it. 😊
wonderful job!

AB-105 Eleanor Murphy - I would have liked to see more emotion on your face and differences in the voices of your characters. besides that, you had great energy. good job! 😊
