Dear Colleagues:

The Cerritos College Falcon Forensics squad is pleased to invite you to attend the annual Tabor-Venitsky Invitational Speech and Debate Tournament for community colleges to be held in person February 17-19, 2023. Once again, this year we will be working in conjunction with an outstanding tab room staff to provide you with an exciting tournament. The Tabor-Venitsky traditionally provides a competitive preview of the PSCFA Spring Championships, CCCFA State, and Phi Rho Pi.

Of special note are the following changes and additions:

- We are returning to hosting our tournament in-person. Entry fees have increased to cover the costs of running an in-person tournament.
- We will increase the number of IE prelims from 2 to 3.

We will offer four rounds of NPDA parliamentary debate breaking to a bronze/gold elimination round format on Friday, three rounds of IEs breaking to finals on Saturday, and four rounds of IPDA/LD debate breaking to a bronze/gold elimination round format on Sunday. Each day will feature its own awards ceremony. Students may double enter in IEs. We will offer two divisions in debate and individual events. **The open division in both debate and individual events will be limited to community college students with remaining CCCFA and/or Phi Rho Pi eligibility ONLY.** There will be no coaching or group prep allowed during prep time in debate.

Please submit your entries on forensicstournament.net. All entries must be submitted by Tuesday, February 14, 2023 at 6:00pm PST. Fees will be assessed on Wednesday, February 15, 2023 at 6:00pm. DIVISION ELIGIBILITY REQUIREMENTS

Coaches are responsible for entering their students in the appropriate division. The tournament director shall have the discretion to remove competitors in violation of these requirements from the tournament.

Novice:

INDIVIDUAL EVENTS: a novice is a student who:

- Is a community college student.
- Has not won two trophies (1st, 2nd, or 3rd Place) in an event in which a final round occurred.

- Possesses novice eligibility in all other related events within the categories of platform, interpretation, and limited prep events. For example, a student who has won two trophies in Prose must compete in Open Poetry, even if they have never competed in Poetry before.
- For the purposes of determining novice eligibility, Interviewing is categorized as a limited prep event.

DEBATE: a novice debate student is a student who:

- Is a community college student.
- Is competing in their first or second semester of debate (including any high school experience).
- Has not advanced to debate elimination rounds twice.
- In team debate, eligibility is determined by the more experienced partner. If either team member has debated for more than two semesters or competed in elimination rounds at two tournaments, they must debate in open.

Open:

The open division in all events will be limited to community college students with remaining CCCFA and/or Phi Rho Pi eligibility only. As of 2022, Phi Rho Pi eligibility permits students to compete for a maximum of three years.

JUDGING

Uncovered entries are contingent on a sufficient supply of available hired judges and must be requested from the tournament director at least two weeks prior to the beginning of the tournament. Additionally, drops made after the Wednesday drop deadline do not alter a school's judging commitment.

Debate:

- One judge is required for every two teams or portion thereof entered for parliamentary debate.
- One judge is required for every two debaters or portion thereof entered in LD/IPDA.
- Judges are required to judge one round beyond the elimination of their last team and all judges are committed through the first elimination round.

There will be a charge of \$150 per uncovered entry for parliamentary debate, IPDA and NFA-LD. Please note that Phi Rho Pi rules prohibit disclosure. To help keep the tournament running on time, judges should electronically submit their ballots when they have made a decision and finish typing feedback to the competitors afterwards.

Individual Events:

- One judge is required for every five entries or portion thereof in the pattern with the highest number of entries.
- ALL judges are committed through the final rounds.
- There will be a charge of \$20 per uncovered IE slot for the first four uncovered entries. Each uncovered entry beyond the fourth will be charged \$45.

Judge Qualifications:

- We strongly encourage you to bring judges you plan to use for CCCFA and/or PRP.
- Open division judges should be 2 semesters removed from all competition and/or possess a bachelor's degree.
- Novice division judges should be at least two semesters removed from novice competition.
- In IPDA, lay judges are encouraged and may be used in any division. We ask that you please provide training to your lay judges regarding the rules and procedures of IPDA prior to the tournament.

The tournament staff reserves the right to make determinations regarding judging qualifications. Novice-only judges may not be used to cover open division entries.

Hired Judges:

If you have extra judges available for hire, please let us know, as we would like to hire them. Please have potential hired judges contact Nick Matthews at nmatthews@cerritos.edu

AWARDS

We will break to a bronze round in parliamentary debate and award the top ten speakers in each division, entries permitting. All IE finalists will receive awards. We will break to a bronze round in IPDA and NFA-LD.

Two categories of sweepstakes awards will be given out. The Large Entry category will be determined by counting the number of students entered by each school in the tournament as of Wednesday night. The largest fifty percent (plus ties) of the schools entered in the tournament will count as Large Entry. The remaining schools will count as Limited Entry.

Sweepstakes will be calculated in the following manner:

Parliamentary Debate:

- 1 point for each prelim win in debate for the four best teams per school.
- 10 points for Gold, 5 points for Silver, 3 points for Bronze across all divisions.

Individual Events:

- 10 points for 1st, 5 points for 2nd, 3 points for 3rd, and 1 point for finalist.
- Interviewing will not count towards sweepstakes.

DESCRIPTION OF EVENTS

Pi Kappa Delta event:

Interviewing: this event is designed to give students the opportunity to sharpen their job interviewing and resume writing skills. Students will assume they are applying for an appropriate position (e.g., an internship, entry-level job, etc.) in a field they want to work in.

Prior to the tournament, students should prepare a resume they would use in applying for their desired position. Students should print at least six physical copies to bring to the tournament. For privacy reasons, students should omit personal information (address, phone number, email, name of school, etc.) from their resume. Students should present a truthful resume that reflects their actual life experience, and they should be prepared to elaborate on portions of their resume during the interview. Although we encourage students to be creative with their resume-writing techniques, they should refrain from using brightly-colored inks, excessively-ornate fonts, pictures or headshots, or other elements that draw excessive attention to style rather than content.

Competitors will participate in three preliminary rounds of interviews. Each competitor in each section will be asked the same questions provided by the tournament. Therefore, at the beginning of each round, the first speaker should go to the competition room to do their interview, while subsequent speakers should wait outside the room. When the first speaker finishes, they should go outside to call in the second speaker to their round. When the second speaker finishes, they should call in the third speaker, and so on.

During each round, the judge will ask students 5 questions provided by the tournament. Each interview will last for no more than 10 minutes, with time beginning as the judge starts to read the first question. Students may briefly share the position they are “applying” for and provide each judge with a printed copy of their resume before the interview begins. Interviews may not exceed 10 minutes even if the student has not responded to all the questions. Judges will rank and rate students on a normal 25-point scale.

Parliamentary Debate

- Five topics will be provided in both preliminary and elimination rounds. These topics will include 2 policy, 2 fact/value and 1 dealer’s choice per round.
- Resolutions will be provided in the “topics” section of each e-ballot. The judge should show the resolutions to all debaters. The opposition will then have 1 minute to read and strike 1 of the 5 topics. Immediately following, the government will also have 1 minute to read and strike 1 of the remaining topics. The process continues until one topic remains, which will be debated.
- Prep time will be **20** minutes. Prep time will start after the judge reads the resolution that will be debated.
- **There is no coaching allowed during prep time.** Debaters may not consult any other person besides their partner. Debaters may use paper, dictionaries, almanacs, and/or electronic research material. Except for notes that the debaters themselves have prepared during preparation time, no published materials, prepared arguments, or resources may be used during the debate.

- During the debate, debaters will be limited to using any hand-written notes or typed notes they have prepared during prep time. Debaters will not be allowed to use the internet during the round or use the copy and paste function when prepping notes electronically.
- We will use flex time in parliamentary debate.

Prime Minister (Government)	7 minute Constructive

Member of the Government	8 minute Constructive

International Public Debate Association (IPDA)

IPDA primarily utilizes a one-on-one debate format in which one debater takes the side of the affirmative and the other debater takes the side of the negative. For each round, the two debaters are given five possible resolutions and 30 minutes of preparation. Preparation time begins when the negative begins the topic selection by striking one resolution and proceeds in a back-and-forth fashion until one resolution is left. After the topic has been selected, both debaters prepare their cases with the remaining preparation time. IPDA debate often utilizes lay judges to adjudicate the round and emphasizes conversational rhetoric. **Visit [IPDA debate](#) to learn more.**

Speech times are:

1 st Affirmative	5 minutes
Cross Examination	2 minutes
1 st Negative	6 minutes
Cross Examination	2 minutes
Affirmative Rebuttal	3 minutes
Negative Rebuttal	5 minutes
Affirmative Summary	3 minutes

Coach preparation is not allowed during IPDA prep.
