

2026 NOF September Async Extemp Questions

For use in the NOF Birch Async (Sept 5-12th)

1. Is America's economic dependence on the AI boom a sustainable growth strategy, or a setup for a speculative crash?
 2. With polls suggesting Democrats are favored to retake the House, what would a divided government mean for the final two years of Trump's second term?
 3. Should Tokyo pursue new trade alliances in Asia to reduce its dependence on American market access?
 4. Can Artificial Intelligence be managed by regulations?
