

2026 September Scrimmage - Round 3 IPDA Topics

- 1) Resolved: Surviving Southern California freeway traffic builds more character than surviving the humidity of an Arkansas summer.
- 2) Resolved: Sweet tea is objectively superior to iced coffee as a university survival beverage.
- 3) Resolved: In Christian higher education, a classical liberal arts curriculum is superior to vocational and professional degree programs.
- 4) Resolved: The United States should place a permanent moratorium on human germline genetic editing.
- 5) Resolved: Christian colleges and universities should eliminate mandatory chapel attendance requirements.
